NOVEMBER HEALTH EDUCATION AND WELLNESS PROGRAM—AIDS INFORMATION: Since 1981, more than 600,000 Americans have been diagnosed with AIDS and at least 385,000 have died. The first ever declines in AIDS incidence and deaths occurred in 1996, with drops of 7% and 25%, respectively. These dramatic decreases in AIDS cases and deaths are largely due to successful drug treatment programs. Despite the fact that AIDS incidence is down across the United States, the number of people living with HIV infections is rising. Estimates suggest between 650,000 and 900,000 are now living with HIV and at least 40,000 become newly infected each year. In the U.S., women now account for 16% of all AIDS cases, and the number continues to rise. Worldwide, more than 30 million people are infected with HIV. Last year, 5.8 million new HIV infections occurred around the globe. The majority of HIV positive people, in developing countries (an estimated 90%), are not aware of it. Approximately 11.7 million people have died around the world from AIDS. At this time, we have no vaccine and AIDS cannot be cured; it can, however, be prevented. Education, knowledge and safe behaviors are the keys to prevention. A packet of the latest information and statistics will be available at all medical facilities in November. Packets and lectures on AIDS and its prevention are also available upon request. Call Carol Roth, 867-3414, mailcode CHS-005, email Roth-1.Carol. (JJ-C)

Employees have 31 days from the date of loss of CHAMPUS to enroll in a Federal Employees Health Benefit (FEHB) plan. Military retirees who are thinking about retiring from civilian service before reaching Medicare eligibility are reminded: to have FEHB coverage as retiree, an employee must be enrolled at the time of retirement; to insure coverage, they should enroll in an FEHB plan that takes effect before the retirement date elected. To keep FEHB after retirement, employees must be enrolled for at least 5 years; and coverage under CHAMPUS counts towards eligibility to carry FEHB into retirement. Questions regarding health benefits should be referred to Jeri Huneycutt (867-4786), Sharon Lowry (867-2514), or Kathy McIntosh (867-2504), Benefits Team, Personnel Office, Headquarters Building, Room 1404.
